Easy-to-Use Tools Expand Exhibitor Support & Reduce Management Stress

GoKiosk

BOL system automates inbound & outbound shipping for exhibitors

- Create, edit & print BOLS/shipping labels for outbound freight
- Options to complete online prior to the show or onsite using a mobile device or interactive touch-screen kiosks
- Labels generated showsite delivered straight to the booth
- Email updates on accepted/edited/shipped/forced freight
- BOL copies for step-by-step tracking

Good-bye long forms & service lines
. . . . Hello hassle-free checkout

OnDock

Logistics management tool simplifies freight tracking for all parties

- Live, up-to-date tor tracking advance & direct shipments
- Access to view and capture images & signatures as freight is received & delivered
- Damage & exception tracking/notifications on shipping discrepancies prior to show arrival
- Email updates to exhibitors when freight received & headed to the booth

Take Control & Perfect Your Tradeshow Experience
